DEMAND ADEQUATE SERVICE FOR COMMUTERS ON L&N RAILROAD

A Gulf Coast delegation demanding decent commuter service at a meeting with the Interstate Commerce Commission Examiner in New Orleans last week.

Meanwhile, a meeting has been called for Feb. 9 at 9 a. m. at the Bay St. Louis city hall to meet with L&N officials.

Acting Mayor Cyril Glover and Thomas E. Schaffer, president of the Gulf Coast Commuters Association, spearheaded the delegation, which also included Max Kohler, George S. Allison, Henry P. Dart, Jr., Sidney Ross and Louis P. Schwartz.

The witnesses pointed out that the L & N received a 20 per cent commuter fare increase to take care of trains losing money. The railroad then removed these trains.

Mr. Kohler also cited poor facilities.

The examiner is now studying further hearings in the fight to get adequate service from the railroad for commuters.

Glover was cited by Kohler for his comprehensive presentation of the case.

On behalf of commuters, Kohler wrote:

"I want to thank you sincerely for your magnificent and very comprehensive recital of the state of facts that develops out of the

A new telephone cable will be extended to Clermont Harbor, probably within 60 days, it was revealed this week.

J. C. Danney, in charge of Gulf Coast telephone service, said this new cable will enable the Clermont Harbor and Lakeshore residents to secure any telephone service they desire.

At the same time, he revealed that plans are being studied to embrace Logtown and Pearlton into the Bell System.

These towns were cut off from phone service last month when a private company which served them went out of business. Since then, one toll phone has been set up as emergency service.

"Our men are studying the needs of this area right now to determine what service will be required," Mr. Danney said.

"But everyone must understand that these things take time. Even though we are able to use Coast Electric's poles, it takes months simply to line up right-of-ways for phone service even after the service has been planned."

There are several types of service which might be brought to Logtown and Pearlton. One likely one is a switching unit which, in turn, would be connected to the Bay St. Louis exchange.

Too, new technical developments by the telephone company may enable the company to install entirely new types of equipment to the area by the time the survey is completed.

The growth of the telephone company particularly in this area has been tremendous, and its new installations have axed the company's resources. For example, in 1940 there were 508 telephones in Bay St. Louis. Now there are 1,615—and the number grows every week.

This week the company paid a \$100.00 tax bill to Hancock County alone.

In addition to extending a cable to Clermont Harbor, another cable is being stretched up Highway 43 to the intersection with Highway 43. This, too, will permit greater and more convenient telephone service to residents and businesses.

The Bay St. Louis telephone office is moving its business office within the next one or two weeks to the new Stevenson Building on Main St. This will permit more efficient space at the North Beach Building, and also will provide a more convenient place to work.

The walk up the stairs will be changed.

Finally, the entire area will be covered by dial phones. However, Mr. Danney said there are no immediate plans for the switch.

He could not estimate when the switch will be made. The need for expansion will have a great deal to do with this.

COASTING

By ANNE ORLEANS

General and Mrs. Louis F. Moore, the two most attractive couples of retirement from military service are freedom to travel whenever the wanderlust gets too strong and time to work with their garden in their home in Bay St. Louis to make it a place of beauty to which to return from their travels.

The General is a brave man. On their most recent motor trip,

his wife and three of her friends made the journey with him. Imagine, four women in one car but they were sweet and did not back seat drive. The guests were Mrs. Moore, who when she and Mr. Moore were married in 1914, occupied the Guerres' home on their honeymoon. Mrs. Peoples, of Jackson, Miss., whose husband was General Peoples and Mrs. Jones, of Hattiesburg, whose husband was Major Jones. Army friends of many years.

They visited New York City, Mt. Kiska, N. Y., Fairhaven, N. J., motored through the Catskill

Mountains to Toronto, Canada, and returned by way of the Thousand Islands. Are the Guerres going to settle down now and get those camellias planted? The camellias are being planted but plans for a cruise are being discussed.

At the E. N. Spence home on the beach, were Mr. and Mrs. Sam Hutchinson and Mrs. Erin Davis, Mrs. Spencer's mother and sister and brother-in-law from Birmingham, Alabama.

The G. B. Huths and their children, Missie and George, spent the past week end in Jackson, Miss., with Mr. and Mrs. George A. Huth. There is going to be a wedding in the family in February, so much excitement and many plans.

Some time ago we told you about Dick Mestayer's wonderful tales about his 23 grandchildren. You ought to hear him now, his 24th grandchild has arrived.

Miss Anne Deblanc, three weeks old tomorrow, came back from New Orleans last Saturday with her mother Mrs. Jimmy Deblanc. Mr. and Mrs. Deblanc now have two little boys and three little girls. Anne weighs about seven pounds and has dark hair and blue eyes.

Harry and Jack Kelleher came over from New Orleans last week for a quiet weekend at their home on the Jourdan River. What happened? The eight party line starts a merry go round.

From Fort Lauderdale, Florida, came Mr. and Mrs. Andrew Muselman to visit Bill and Caroline Argus. The Argus family has been busy. Bill had to make a business trip to Chicago and Caroline went in to New Orleans to help complete the furnishing and decoration of Bill's new office on North Arrollton.

At this time of the year, one of the prettiest gardens on the Coast is that of Dr. and Mrs. Ernest Charles Samuel. Their camellia trees are at their loveliest. Dr. Samuel's favorite is the beautiful Purple Dawn. As of this week, the red

and white Lindsay Neil is Mrs. Samuel's favorite but, next week when the beautiful pink C. M. Wilson blooms she is going to be fickle and transfer her admiration.

Luncheon guests of Dr. and Mrs. Samuel this past Wednesday, were Mr. and Mrs. Robert Crager and Mr. Robert Tallant of New Orleans. Mr. Tallant was guest speaker at the Hancock County Library following the luncheon.

Mrs. James Robert was one of the guests at the Colonial Dames luncheon at the Orleans Club in New Orleans.

Buyers' Mart

So somebody said at that bridge game you should read the new mystery. Or was it a novel? Or that book of essays?

And you want to use up the space in the bookshelves for the really good books and you decide to buy one.

How?

Go to the Hancock County Library.

Yes, the library is a place to buy books as well as borrow them. Miss Crawford and Miss Edwards, as librarians, are agents for bookstores throughout the country.

You can place your order for the book, and help the library at the same time, since it receives a commission on every book.

All you have to know is the title of the book and its author. In about two weeks after you place the order, your new book will arrive and you'll get a call from the library.

You can even drop a note to the library, if you're not going to be nearby. Put your name and phone number and tell the librarians what book you want. You pay for the book when it comes.

The library is also in the live entertainment business these days, having on its agenda a series of three book reviews. The first of these will have the New Orleans reviewer, Tess Grager, as speaker and with her will be author Robert Tallant.

Wednesday, Jan. 27, will be the date of the first review. Tickets cost one dollar or for \$2.50 you get the bargain price for all three presentations.

While you're in the library, take a look at the doll display in the children's section.

Mrs. Catherine Wilson, who did not play with dolls when she was a little girl, is very handy with them now. She has storybook dolls and storybook scenes displayed throughout the little folks' section.

Bay Lemon Wedding Here

The beautiful Sunday afternoon wedding of Dolores Violet Carver, daughter of Mr. and Mrs. Jerome Carver, of this city to Frederick Lynn Lemon, son of the late Mr. and Mrs. J. K. Lemon of Ocean Springs took place January 17, at the home of the Gulf Catholic church.

Father Taylor officiated at the double ring ceremony.

The bride was given in marriage by her father. She wore a ballerina length gown with a fitted bodice, accented by a pleated nylon ruffle, and topped with a small chantilly lace bolero. Her skirt at the waistline was banded with the same lace and fell to the hem in tiny nylon ruffles. She wore three-quarter length lace gloves and a veil of illusion crowned with lace and seed pearls. Her bouquet was a cascade arrangement of white carnations and stock, centered with a lavender orchid. A string of pearls was her only jewelry.

Miss Sarah Weaver was maid of honor and Miss Carol Moran, bridesmaid. They wore pure silk gowns of ballerina length. Miss Weaver's in pink and Miss Moran's in blue. The attendants carried nosegays of spring flowers and wore in their hair an arrangement of feathered pink carnations.

Wallace Edwards, of Ocean Springs was best man. The groomsmen were Oscar Joachim, also of Ocean Springs. Ushers were Jerry Note, nephew of the bride, of Pass Christian, J. K. Lemon, brother of the groom, and E. W. Halstead, brother-in-law of the groom, of Ocean Springs.

Poinsettias and tapers were used to decorate the church for the ceremony.

Decorations at the Carver home, where the reception took place later in the afternoon, were white gladioli and fern.

A four-tier wedding cake centered a lace cloth on the refreshment table, together with an arrangement of fern and white gardenias.

Mrs. Carver chose a navy blue outfit for her daughter's wedding. Her corsage was of red roses. She was assisted in receiving by Mrs. Mack Anderson and Mrs. E. W. Halstead, sisters of the groom.

For a wedding trip to Mexico, the bride wore an aqua suit of wool knit boucle, with black accessories and the orchid from her bouquet.

The couple will be at home in Ocean Springs.

The bride is a graduate of Bay High School and was, until her

Plans Set For Mardi Gras

Plans for the Bay Central PTA Mardi Gras are completed. The theme of the court and every detail outlined promises a brilliant spectacle.

To carry out the decorations of the gym, the committee promises unusual background for a setting. Members of the Parade Committee are functioning and posters will be distributed to all outlying communities to encourage their participation and inviting them to a day of festivities in Bay St. Louis.

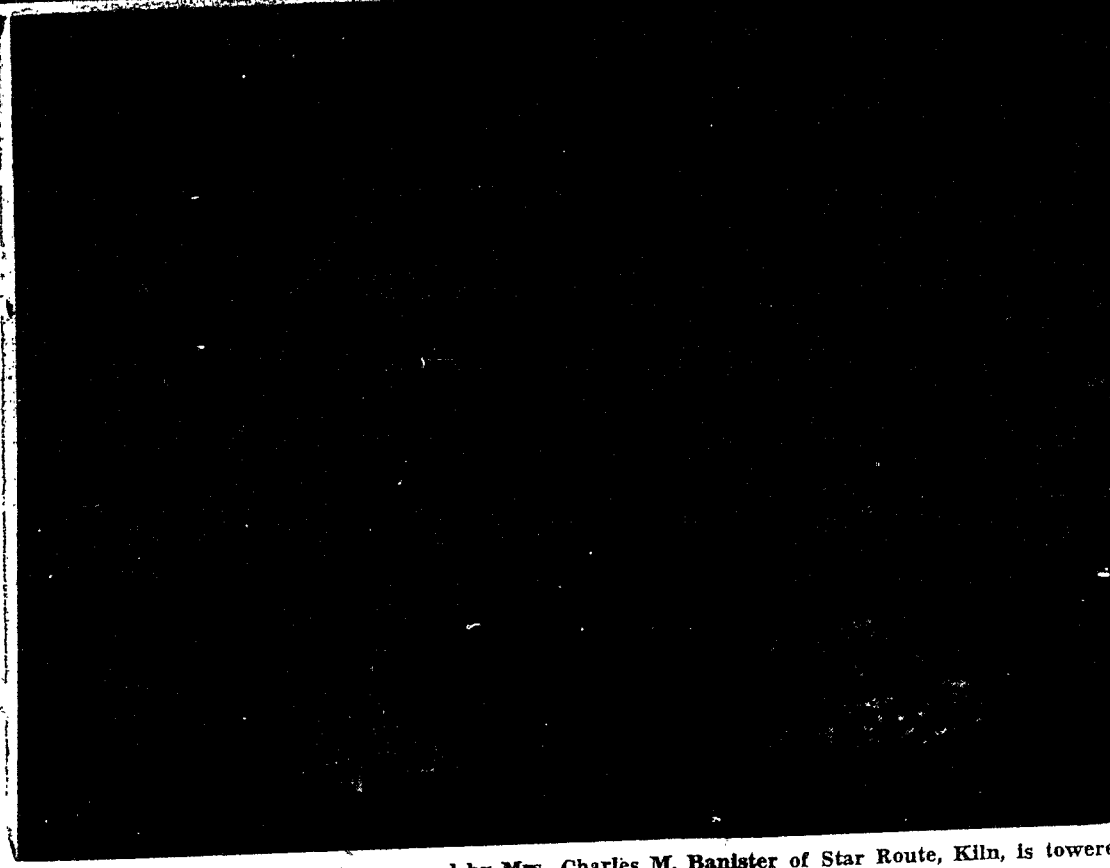

The County Schools have been issued invitations for school entries in the parade.

The theme of the parade this year is "Children's Favorite Stories," and the judges will use a point system consisting of ten points each for clear portrayal of title, eye appeal, originality, costumes and use of natural materials. Included in the festivities for the day is the parade, ceremonies at the courthouse with presentation of the Court and entertainment in the Bay High gym, where all awards will be made to floats, maskers, horsemen and bicyclists.

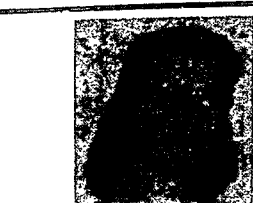

Groups of maskers who would like to participate in the parade in decorated trucks to join in the fun are cordially welcomed.

Let's Show Caution

Next week Hancock County will appoint a committee to seek Caution should be the byword. This should start with the appointment of the committee. It should be made up of men who will work, and men who understand work. These men should be capable of meeting industrialists on equal ground and discuss their problems openly and frankly. These men should have a complete understanding of this community. Above all, these men must be qualified to analyze the pros and cons for success for any business they may lure here. No one will run a business which flops. Then, too, there is the matter of financing. This county is not rich. It cannot float bonds willy-nilly. At the same time, it cannot be frightened. Because the right bond issue could make money. It's all a matter of making the right decision. And it will take bright men showing the right caution to make the right decision.

Speak Up

The meeting on Feb. 5 at the courthouse will be held in the room. This is to accommodate large numbers. This meeting should be an open forum. If anyone objects to this plan to lure industry here, he should be prepared to speak up. It would be foolish to pretend that making Bay St. Louis industrial is all milk and honey. There can be drawbacks. There can be reasons, perhaps, why the town should not be industrialized. Citizens who feel this way should state their feelings and reasons publicly, for all to consider. Private conversations mean nothing. This is a matter which will affect the entire community, and the entire community should discuss openly and participate in the decisions. There is no legal machinery to have an election and let citizens decide whether they want the town industrialized. But this Feb. 5 meeting offers the next best thing. It offers an open forum. It is the best thing to an old-fashioned town meeting. Anyone who fails to speak up at this meeting will have no right to object to any action taken.

Light Up

The Mothers March for the March of Dimes is tonight. The plan is to turn on your porch light if you have a contribution. Let the entire county be ablaze with lights! There can be no mistake about the cause of YOUR children.

Progress

More rural electricity means progress, and that's the result of a \$500,000 loan granted Coast Electric by the REA in Washington last week. It is hard to imagine a home without electricity. But some residents here should be remedied quickly. Extra money will allow Coast Electric considerable expansion.

Three Address Pass P.-T. A.

C. Randall Jones, Jr., Dr. C. D. Taylor, Jr., and Mrs. E. O. Hunt were guest speakers of the Pass Christian Parent-Teachers Association at its meet last Thursday.

"How the P.-T. A. can insure a better community," was Mr. Jones' subject. It was pointed out that concentrating on our young people was the best means of accomplishing this objective. Mental development, cultural activities, supervised recreation, and health are the four musts for a good community life. Mr. Jones stated that all civic organizations should coordinate their efforts for youth activities and create a wholesome environment, thus aiding in the prevention of juvenile delinquency.

Dr. Taylor presented a five-point plan on "How the P.-T. A. could help to create Better Homes."

He said it could create an attitude of assurance in the home; educate children for parenthood; provide a feeling of trust and security in the home; meet the children's physical needs by providing the necessities such as good housing, balanced diet, and proper clothing, and prevent delinquency by developing the growth of relationships with society.

"Public Education" was discussed by Mrs. Hunt. She said the people must learn to interpret the educational problems and can insure better schools by supporting those schools in their efforts to attain their goals.

A short business meeting was held at which Mrs. Bernard Lozes was appointed to be in charge of the P.-T. A. part of the Mothers' March For Dimes in cooperation with the St. Joseph Mothers Club today. Anyone wishing to make a donation will please leave their porch light on that night.

KEEPING PACE With Prospering Mississippi

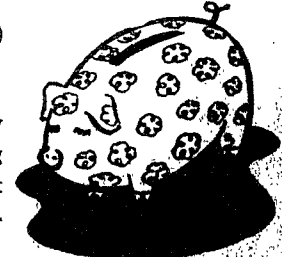

MISSISSIPPI's great economic improvement in recent years has been accompanied by a record-breaking demand for more telephones. Many customers, too, have felt the need for individual lines and two-party lines instead of four-party service.

Southern Bell is doing everything possible to keep pace with your growing telephone needs. In the past eight years we have more than doubled the number of individual and two-party line customers and raised the total number of telephones in the State from 115,786 to approximately 258,000.

The total cost of telephone expansion and improvement projects in Mississippi since 1945 has exceeded \$2 million dollars, and more millions must be spent this year if we are to keep up with the demand for more telephones and improved service.

To get investors to supply the money to continue expanding and improving telephone service requires a fair profit on the money already invested in telephone equipment.

In their first encounter, in a regular season game they defeated St. Joseph from Baton Rouge, 28-27.

High scorers in this game were for St. Joseph, Patti Olavaretta with 10 points, followed closely by her sister De De with 9. For Baton Rouge, Holiday was high scorer with 15 points.

In the semi-finals in the tournament St. Joseph dropped a very close game to Istrouma High, of Baton Rouge, 23-13. The game played under Louisiana rules which allow a girl to hold the ball for any length of time she wishes, was a possession game on the part of Istrouma.

De De Olavaretta was again high scorer, with three field goals for the contest.

In the consolation game for third place St. Joseph lost another low scoring affair to Port Allen, 26-22.

Though they finished fourth in the tournament St. Joseph placed two members of their team on the All-Tournament Team. These girls were De De Olavaretta and Barbara Flink, who also received an offer from a girls professional basketball team.

In their last game of this week, which was a regular season encounter, St. Joseph defeated Picayune High School 41-35.

De De Olavaretta, copied the scoring honors for the third time in 5 games, with a total of 20 points. Following her in this department was Carolyn Curet, with 12 points. For the visitors Shirley Mitchell had a total of 18. This game was highlighted with some outstanding shooting from both teams.

Possession of illegal deer, hunting without licenses, shooting ducks after hours, and hunting squirrels out of season are some of the counts upon which 68 game law violators paid penalties from January 13 through January 18, according to Wade Creekmore, Director of the Game and Fish Commission.

The fines totaled \$1165 in 31 counties.

The Game and Fish Commission, in an effort to attract more ducks to the Sardis Waterfowl Management Area, is doing experimental blasting. The blasting is being done in a low line area to provide additional water for the ducks.

The duck motels constructed by the Commission on this area are dependent upon rain for the water needed to fill the duck ponds.

Alec Bumsted, Commission Waterfowl Biologist, will blow a small number of potholes to ascertain the feasibility of such practices on the area. This is the first undertaking of its kind in Mississippi, but Bumsted said that blasting of potholes had been done successfully in other states and he thinks that this experiment blasting will be successful on Sardis.

Bob Genin and sons, Robert and John, are justly proud of their newly purchased 18 ft. Luman Hull with Gray Marine motor, fishing boat. They were out over the weekend trying her out. Gene Davis, chief engineer, says its a beauty. Fishing in outside waters will take up most of Bob's and the boys' spare time it seems.

Glad to see our old fishing partner, J. C. Baxter, back on the job after his recent illness. J. C. is hoping to have his boat completely gone over in preparation for the good fishing around the keys, etc. soon.

Sidney Prague, former resident, stopped over on his way from New York over the weekend. Sid says he hopes to get back soon to do some fishing and golfing with his old buddies.

Joe Kern and Aime Kergosien journeyed to Sumrall, Miss., on a quail hunt last week. Do not know how successful they were. They were guests of Aime's grandmother.

Bernard Farrelly, manager of the Bay-Waveland Yacht Club, reports that things are humming at the club, getting things in shape for the coming racing season. Several improvements are underway and beautification of the grounds is in progress.

C. C. McDonald, president of the Pass Christian Isles Golf Club, says that the course is in excellent condition at present and plans are being made for plenty of activity in the next month. Howard LeTissier is vice-president. With these two at the wheel things are bound to happen.

They choose Noleen Ladner, daughter of Mr. and Mrs. Nolan Ladner as the most beautiful girl in the audience, and awarded her with a pair of House of David trunks.

The game was held at Bay High gym.

ON ALL TOURNAMENT TEAM—DeDe Olavaretta and Barbara Flink, forward and guard respectively, on the St. Joseph Academy basketball team were chosen on the all-tournament team in the St. Joseph of Baton Rouge Invitational Tournament this past weekend. Barbara also received a trophy for the most valuable player in the tournament.

Mothers Defeat Daughters, In This Year's Annual Tilt

In a slambang, rollicking exhibition of basketball the mothers of St. Joseph Academy defeated the daughters, 34-27.

The order of the night was laughter, and it was carried out to the hilt, with the many antics put on by the ladies of the Mothers Club. They were attired in early-century beach outfits and paraded about the gym showing the vim and vigor of their youth. And when it came to playing basketball they showed the younger generation that they had not forgotten how to play the game. They jumped to an early lead and never relinquished it.

A trophy was awarded at the end of the game to the captain of the victorious team, Mrs. Charles Flink. It was a gold colored water bucket, with engravings painted in red.

Some of the outstanding players for the winners were Mrs. Randolph Bourgeois, Mrs. Nelius Rhodes, Mrs. Joe Colson, Mrs. Frank Lombardo, and Mrs. Geo. Anderson.

There will be another year now for the Mothers to get over the aches and pains they now have as the result of this year's classic and another year for the daughters to figure out a way they can stop the winning streak of their elders.

St. Stanislaus Defeats Pekinton In Local Tourney

St. Stanislaus defeated Pekinton in their first game of the Bay High Invitational Tournament, Wednesday night, 58-39.

High scorer for the local team was Tommy Shaffer with 13 points. He was followed by Louis Lechner and Bernard Wolfe who each had 11 points.

This was a close game until the beginning of the second half, when the Rocks began to hit from all angles and drew off by a comfortable margin.

St. Stanislaus' next game will be Friday night in the same tournament, with Industrial who drew a bid to the semi-finals. If they win this game Stanislaus will meet Dedeaux in the semi-finals Saturday evening.

House of David Defeats P. R. C.

Tuesday night in the annual game held for the benefit of the March of Dimes, the House of David basketball team defeated the Pearl River Junior College team, 71-54.

The game was highlighted by the many feats performed by the House of David, as they did everything but make a basketball walk.

It's **WHERE** you buy a used car that counts

When you can trust the dealer who sold you a used car, you can trust the car.

We're businessmen! Our reputation depends on every transaction—a new car sale, a used car sale or a service job.

We want your new and used car business now and in the future! And we want your service business, too!

We handle used cars and trucks as a service to customers who trade them in for new cars. Sometimes we get overloaded with these trade-ins and our capital tied up. Like everyone else, we have bills to pay. So we must always offer used cars at rock-bottom prices to keep our inventory moving.

Drop in soon and let's talk about a deal. We know you'll agree that the place for you to buy is at your Ford Dealer.
